

## BLYTH TOWN FORUM

## Energising Blyth

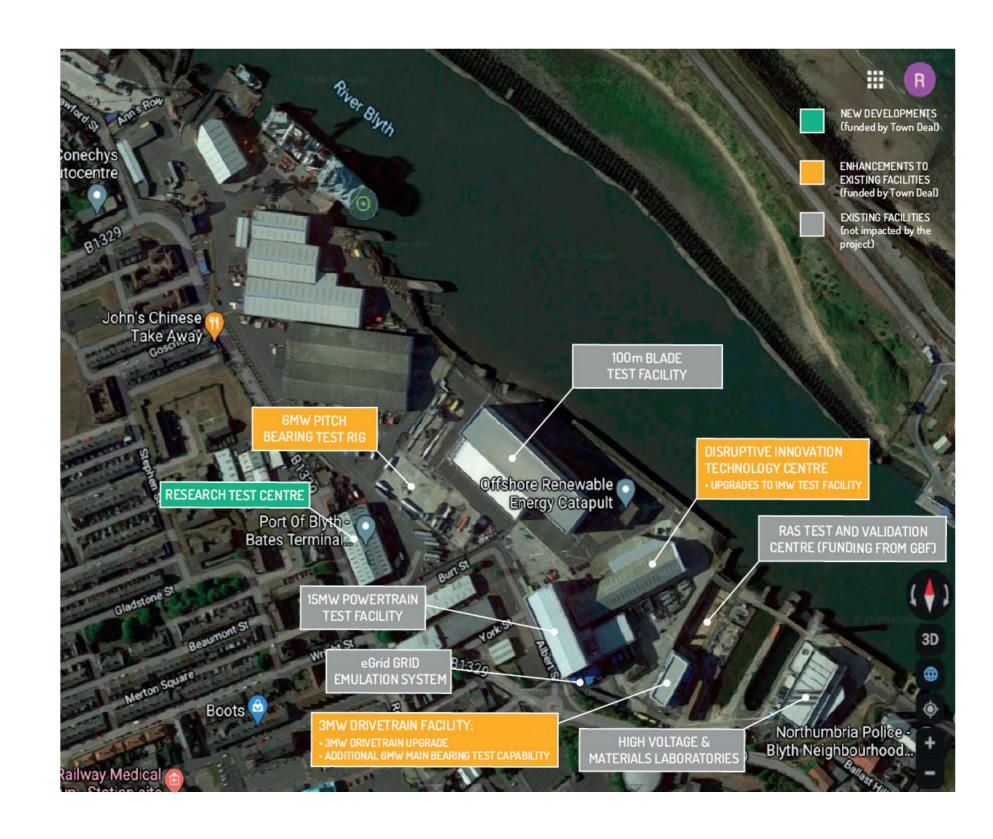

## Growing your Town

Supporting: ORE Catapult - Technology Development Centre (TDC)

The TDC will provide additional key research infrastructure facilities within OREC's cluster of facilities within Blyth for the benefit of the Northumberland region.

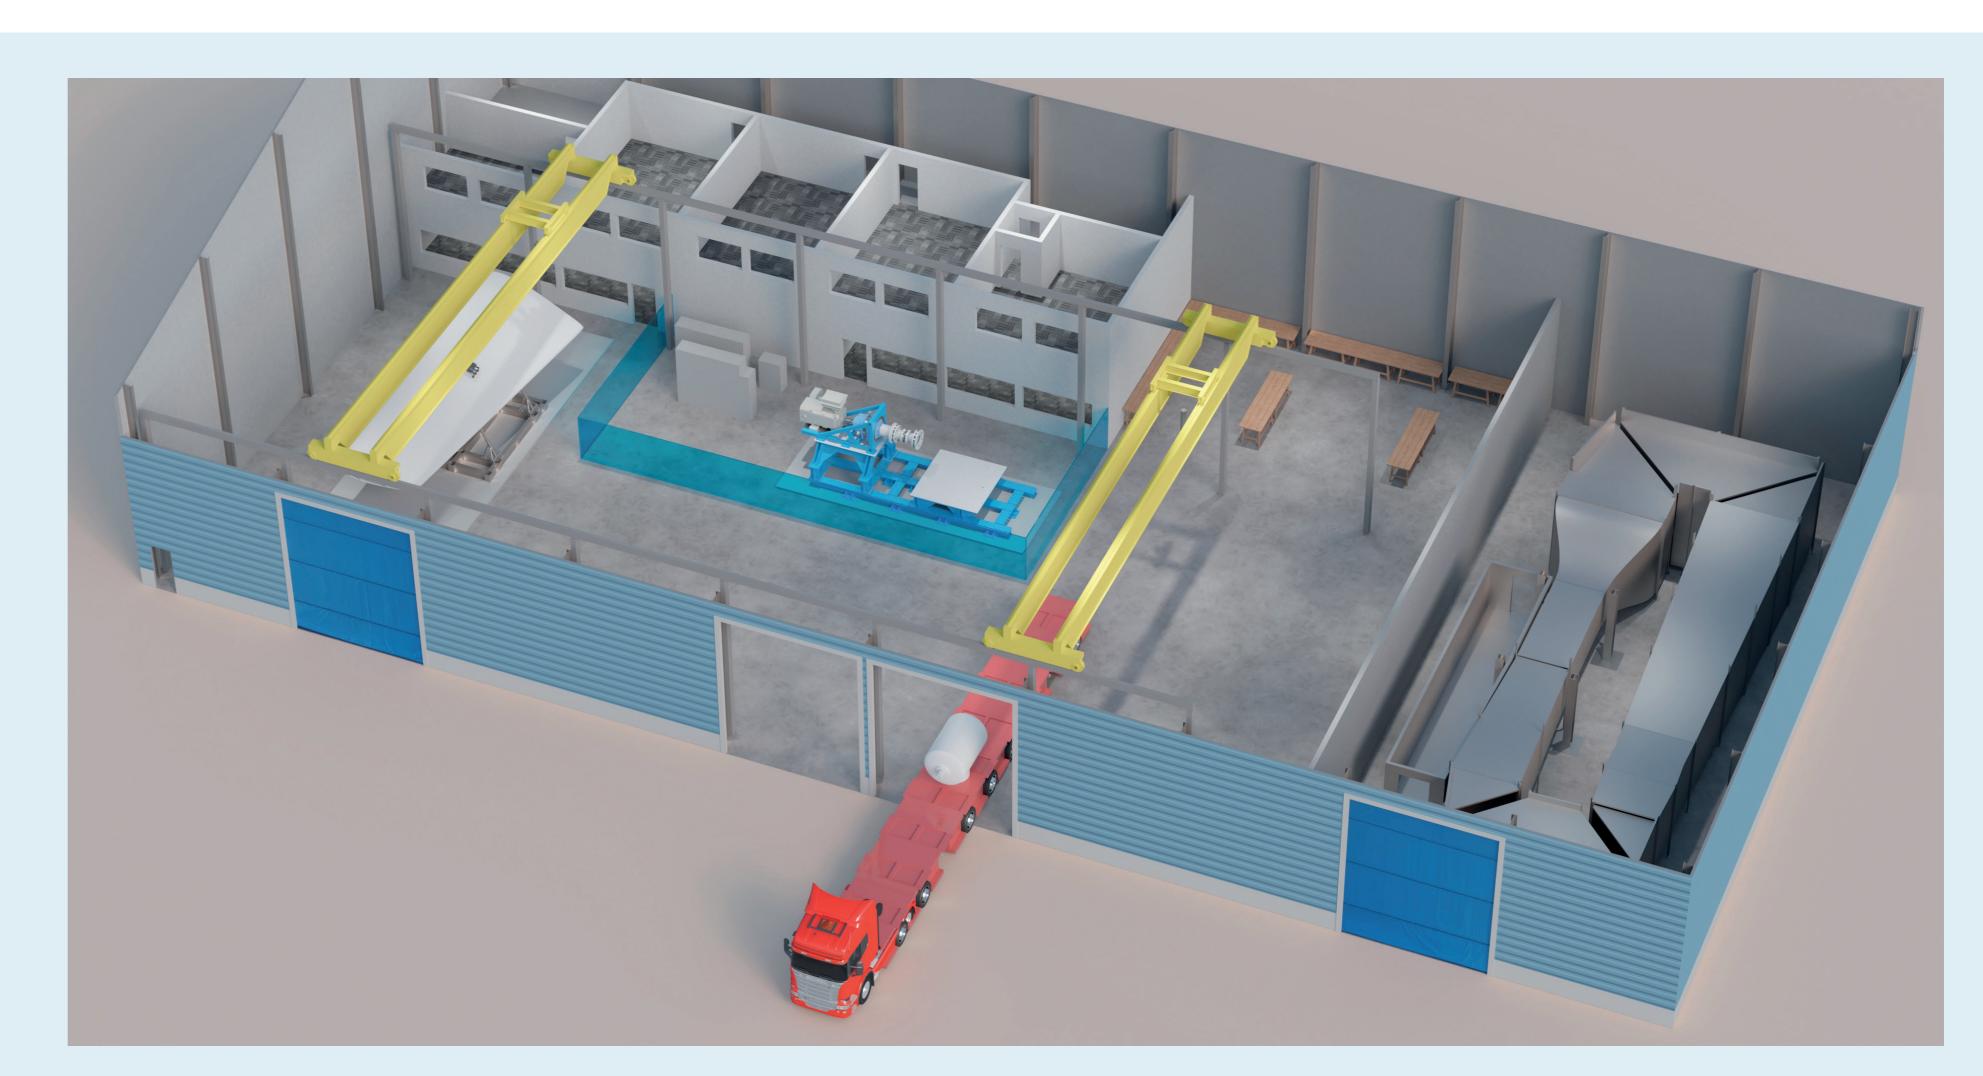

- Enable local employment and economic growth by building an industry relevant technology centre.
- Attract further companies, workers and learners to Blyth.
- Enhance the Energy Central offering to deliver an inclusive local agenda for future energy skills, supply chain, disruptive innovation and R&D.

✓ Maximise the return on investment and provide links to other Energising Blyth supported projects including the Energy Central Campus Phases 1 + 2.

## **ORE Catapult's Mission:**

- To accelerate the creation & growth of UK companies in the offshore renewable energy sector.
- Providing, unique facilities, research & engineering capabilities
- Bringing together innovators, industry and academia
- Accelerating creation and growth of UK companies
- Reducing cost and risk in renewable technologies
- Enabling the transition to a low carbon economy

Providing local jobs,
apprenticeships and significant
STEM opportunities
